OPPONENT'S REPORT OF THE BACHELOR THESIS

Opponent's name: Mgr. Helena Vomáčková

Leadership's name: Ph.Dr. Tereza Nováková, Ph.D.

Student's name: Petrocheilos Stavros

The title of the bachelor thesis:
Case study of physiotherapy treatment of a patient after total knee replacement surgery

The goal of the bachelor thesis:
The aim of the general part of the thesis is to summarise the theoretical information about anatomy, kinesiology and biomechanics of the knee joint as well as the osteoarthritis. The aim of the second part is the case study of physiotherapeutic treatment of a patient with knee replacement surgery.

1. Volume:

pages of text / pages of thesis	70/77			
	39			
number of references	articles	monographs	electronic sources	other
	6	31	2	0
others	figures	tables	graphs	appendices
	10	12	0	5

2. Seriousness of topics:

	above average	average	under average	unsatisfactory
theoretical knowledge	X			
input data and their processing		X		
used methods		X		

3. Criteria of thesis classification:

	degree of evaluation			
	excellent	very good	satisfactory	unsatisfactory
depth of analysis of thesis	X			
<i>The aim of the thesis was fulfilled.</i>				
logical construction of work	X			
<i>This has logical order as needed in bachelor thesis.</i>				
work with literature and citations			X	
<i>Citations are not processed according to the current standards of APA (especially electronic resources).</i>				
adequacy of used methods		X		
<i>This has logical order as needed in bachelor thesis.</i>				
design of work (text, graphs, tables)	X			
<i>This has well organized design, all the tables are easy to understand.</i>				
stylistic level	X		X	
<i>This has very good stylistic level, there is only few misspelling.</i>				

4. Usefulness of the thesis outcomes: under average average above average

5. Comments and questions to answer:

There is no explanation of the subjective "chief problem" of the patient in the thesis. Therefore the final effect of the therapy is not also evaluated according patients subjective problem and the chapter "Evaluation of the effect of the therapy" is missing. Despite the objections mentioned above, the work meets the demands of the bachelor thesis.
 Question: What was the subjective feelings and chief problem of the patient?

6. Recommendation for defence: NO YES

7. Designed classificatory degree VERY GOOD (according to student's presentation/defence)

Date: in Prague 27.4.2019
