

## **Abstract**

Karel Guth and his archeological research of the Prague Castle  
In my master thesis I'm going to focus on life and work of archeologist  
and art historian Karel Guth.

At first I'm going to characterise his important life milestones including his work for the  
National Museum or his activity in the position of the Provincial Supreme Museum  
Councillor and also his legacy and importance  
for Czech science.

I'll emphasize his archeological researches at Prague castle.

In my thesis I'm going to primarily rely on sources his own personal funds  
that I'll supplement with secondary literature.
