

Abstract

Title: GDPR in non-profit organization

Objectives: The theoretical part summarizes the laws, regulations and regulations in the field of GDPR. The practical part focuses on the specific area of sport and the GDPR solution in ČUS and ČOV organizations. The main objective of the work is to evaluate the GDPR procedures and recommendations for the non-profit organizations made by CUS and ČOV organization, their comparison and recommendations for improvement of the final document related to regulation of GDPR in general in Czech sport area.

Methods: The work includes analysis, evaluation, comparison and adequate proposals together with recommendations for improvement. Relevant data are obtained from available documents and on the basis of semi-structured interviews with selected representatives and members of ČUS, ČOV and specialized companies processing GDPRs in these organizations.

Results: In order to examine the available documents on GDPR in sport, it was found that the Česká unie sportu is the most active in this topic and tries to publish all documents on the website. The aim of this work was to create a handbook that could be helpful in capturing and processing GDPR in smaller sports non-profit organizations that are not under the directions of a larger roof organization.

Keywords: GDPR, ČUS, ČOV, ČOS, law, sport, GDPR processing, non-profit organization
