5. Additional commentary and evaluation, questions for the defense:

The topic of master theses is interesting. I have just comments on page number 5 there are two pictures (figures) of each other. On page number 6 is missing figure number 2. On page 36 figure number 6 could be smaller and also on page 37 there is some figure or table which does not have description and graphic edit is not very valuable. On page number 56 table number 14 is situated on page 55. Why? On page number 61 table 19 text in table is illegible.

I declare that all referenced sources are properly cited or paraphrased in the thesis.
