Questions:

- How do you think your research may have differed if you had picked as your respondents BA graduates who are not MA students? Do you anticipate that they would have had similar employment expectations?
- How would you describe the key contributions of your research to this particular topic in the context of China?
- What do you see as the main benefit of using grounded theory for your research?
- What practical impact your thesis may have for the Chinese social policy? Imagine your research to be a report for the minister of education or minister of social affairs.
