Report on defence of dissertation thesis

Academic year: 2023/2024

Student's name and surname: Rohit Ashok Joshi
Student's ID: 49804986

Type of the study programme: doctoral
Study programme: Physical Chemistry
Study ID: 646422

Title of the thesis: Study of protein-protein interactions of human E3 ubiquitin ligase Nedd4-2.
Thesis department: Department of Physical and Macromolecular Chemistry (2600)
Language of the thesis: English
Language of defence: English
Supervisor: RNDr. Veronika Obšilová, Ph.D.
Reviewer(s): RNDr. Jan Krůšek, CSc.
RNDr. Aleš Holoubek, Ph.D.

Date of defence: 27.03.2024 **Venue of defence:** Praha
Attempt: regular

Course of defence: The chairman introduced the reviewers and the members of the committee. The student introduced his Ph.D. project and achieved results. Then both reviewers read their reviews and the student answered their questions. Then the reviewer evaluated briefly the work of student and then the student answered the questions from the committee members (see the attached discussion sheets). Finally, the committee voted (at the closed session).

Result of defence:	pass (P)	
Chair of the board:	prof. RNDr. Miroslav Štěpánek, Ph.D. (present)
Committee members:	prof. RNDr. Bohuslav Gaš, CSc. (present)
	prof. Ing. Richard Hrabal, CSc. (present)
	RNDr. Jan Krůšek, CSc. (present)
	doc. RNDr. Jan Sedláček, Dr. (present)
	prof. Ing. Bohdan Schneider, CSc. (present)
	prof. RNDr. Blanka Vlčková, CSc. (present)
