

## **Abstract**

This bachelor thesis consists of two parts. The first part is a translation of two chapters of the book *Gesund, gesünder, Orthorexia nervosa. Modekrankheit oder Störungsbild? Eine wissenschaftliche Diskussion* by Christoph Klotter, Julia Depa and Svenja Humme. This publication deals with the issue of orthorexia nervosa. The second part provides a commentary that consists of a translation analysis of the source text by Christiane Nord, a translation method, a typology of translation problems along with their solutions and translation shifts.
