

Summary

The title of the Bachelor's thesis is „Help for families with alcoholic problems in Chrudim“. This Bachelor's thesis focuses on parents of minor children with alcohol-related issues. The main aim of the thesis is to depict general social services offered – primarily to alcoholics – and to map and evaluate these services in Chrudim. The first chapter describes addictions in general, the effects of addiction on families, as well as ways how to prevent addiction. The second chapter elaborates on general services that directly involve alcoholics or people who get involved in alcoholism indirectly. The third chapter characterizes services for alcohol addicts in Chrudim. The fourth chapter includes research based on interviews with employees of specific organizations in Chrudim. The fifth chapter presents the information gathered from the research in detail. The last chapter summarizes and evaluates the results of the research.

Keywords

Alcohol, addiction, family, help, medical and social services.
